Would you rather

Host rules / Keep this page

2-8 players / 10-20 min / 32 original prompts

Unlike a quick preference round, Would You Rather asks you to imagine a situation. Read both choices, give everyone a quiet moment, then invite a choice and an optional reason. There are no correct answers and no winner.

1. Pick a reader and a setting. Read both possibilities before anyone chooses.
2. Choose A or B, or pass. Invite one short reason from anyone who wants to share.
3. Move to a new card. Change readers every few cards so everyone can join in.

Always room for a pass

Pass without a reason. "Neither for me" is welcome; nobody has to defend a choice.

For a group reveal, ask everyone who wants to join to show one or two fingers at the same time. The screen records only the current device's choices, not a group vote.
