

Conversation Dice Game for Adults

Host rules / Keep this page

2-8 adults / One card or a short shared round / 24 original prompts

A six-category conversation dice game with 24 original prompts. Use the on-page category roll or an ordinary die, then draw one of that category's four cards. Picking a category yourself works too. There are no points, winners, or stakes.

1. Choose a small adult group and explain that each person may answer, invent an answer, listen, or pass. Use the on-page roll, or roll an ordinary die on the table.
2. Match the result to one of the six numbered groups. Read a card from that group; the online roll draws one card, while manual group selection can draw several.
3. Invite volunteers and roll again only if the group wants another card. A category roll starts a new draw, so a later roll can revisit an earlier card.

Always room for a pass

Answer, invent an example, listen, think quietly, or pass without explaining. Keep participation voluntary; do not score, record, or evaluate replies.

Use general or invented examples. Keep private information out of the activity. No account, shared online room, or response upload is part of this page.

Printing & privacy

Use A4 paper. Print single-sided at 100% / Actual size, one PDF page per sheet. Test a page first. Cut only card sheets; keep notes and worksheets whole. Do not collect answers.

Original AI-assisted draft questions. Human English review, group playtesting, physical print quality, and duplex alignment are not yet verified. Planned durations are not measured outcomes.

Print check: measure these bars after printing at 100% / Actual size.

A small host plan.

A shared invitation

One card, optional replies

1. Choose a small adult group and explain that each person may answer, invent an answer, listen, or pass. Use the on-page roll, or roll an ordinary die on the table.
2. Match the result to one of the six numbered groups. Read a card from that group; the online roll draws one card, while manual group selection can draw several.

A die-free table

Adapt or stop at the agreed point

1. Choose a numbered category together instead of rolling. The same four cards belong to that category online and in both PDFs.
2. Invite volunteers and roll again only if the group wants another card. A category roll starts a new draw, so a later roll can revisit an earlier card.

Host checklist

- Explain how the activity ends before it starts.
- Keep listening, passing, and quiet thinking available.
- Do not collect, rank, photograph, or publish answers.
