

# Pair Conversation Activities for Adults

Host rules / Keep this page

## 2 adults / optional pairs / One card or a short shared round / 24 original prompts

These 24 pair conversation activities invite two adults to describe, invent, or compare something together. Each card suggests a small joint result without props, a timer, or personal disclosure. Joining a pair is optional; observing or working alone is available.

1. Offer the pair format before choosing a task. People can choose a willing partner, work alone, observe, or pass; do not assign partners without agreement.
2. Read one card and give both people thinking time. Each may contribute a word, an idea, or nothing; adapt the task instead of insisting on equal speaking time.
3. Finish with a shared sentence or leave the idea unfinished. Do not require pairs to present, touch, maintain eye contact, or explain personal experiences.

## Always room for a pass

Answer, invent an example, listen, think quietly, or pass without explaining. Keep participation voluntary; do not score, record, or evaluate replies.

Use general or invented examples. Keep private information out of the activity. No account, shared online room, or response upload is part of this page.

## Printing & privacy

Use Letter paper. Print single-sided at 100% / Actual size, one PDF page per sheet. Test a page first. Cut only card sheets; keep notes and worksheets whole. Do not collect answers.

Original AI-assisted draft questions. Human English review, group playtesting, physical print quality, and duplex alignment are not yet verified. Planned durations are not measured outcomes.

Print check: measure these bars after printing at 100% / Actual size.

# Pair Conversation Activities for Adults

Facilitator notes / Keep this page

## A small host plan.

### A shared invitation

One card, optional replies

1. Offer the pair format before choosing a task. People can choose a willing partner, work alone, observe, or pass; do not assign partners without agreement.
2. Read one card and give both people thinking time. Each may contribute a word, an idea, or nothing; adapt the task instead of insisting on equal speaking time.

## A willing pair

Adapt or stop at the agreed point

1. Choose one task and take it at your own pace. One person can suggest an idea while the other listens, then swap only if both want to.
2. Finish with a shared sentence or leave the idea unfinished. Do not require pairs to present, touch, maintain eye contact, or explain personal experiences.

## Host checklist

- Explain how the activity ends before it starts.
- Keep listening, passing, and quiet thinking available.
- Do not collect, rank, photograph, or publish answers.
